

INTRODUCTION AND COURSE OBJECTIVES EXPLANATION

At WBCBS, we believe education should always result in transformation. As such, we build course objectives into each class to measure how well we are accomplishing our mission. A course objective explains how a specific behavior, skill, or action will be introduced, developed, or mastered in each course. The five objectives in each class will result in your ability to demonstrate, understand, interpret, articulate, and identify a concept, skill set, or activity.

COURSE OBJECTIVES

CO #1: Demonstrate a general knowledge of accounting
